

# G393

## Mitigation for Emergency Managers

Dawson County Annex  
Lexington, NE

April 27–29, 2021

**Course Description:** This course is designed to enable the non-technical emergency worker to acquire skills in the use of mitigation. The course provides training in how to perform mitigation activities fundamental to reducing and eliminating long-term risk from hazards. It addresses the important roles of the emergency program manager (or other local government representative) in mitigation: motivator, coordinator, and monitor in local implementation of the National Mitigation Strategy. **Who Should Attend:** State, local, and tribal government emergency program managers, other emergency management staff, and other local government employees responsible for mitigation.

**Course Objectives:** At the end of this course, participants will be able to: Analyze reasons for differences between optimal and actual mitigation roles of the emergency program manager. Determine strategies to build support for mitigation planning in your community. Analyze hazard risks for a given scenario. Propose a mitigation strategy for a particular hazard. Develop a mitigation plan implementation strategy for a given scenario. Evaluate the effectiveness of a community's mitigation planning efforts. Recommend actions to optimize the mitigation role of the emergency program manager.

No Lodging or Meals are provided during this course.

- Student must attend all sessions to receive the state certificate.
